

Overall Performance Summary **Meets expectations**

To meet expectations at the domain level, the EPP must meet expectations on the required number of key metrics. The required number of key metrics varies depending on the number of metrics within each domain. To meet expectations at the overall level, the EPP must meet expectations on the required number of domains. To see more details by domain review the entire document.

DOMAIN 1: Candidate Recruitment and Selection **Meets expectations**

Met GPA Expectation: Number above 2.75 	Met GPA Expectation: Average GPA 3.0 	Met Non-White Candidate Expectation: Growth over time 	Met Male Candidate Expectation: Growth over time 	Met High Needs Threshold: Growth over time OR 75th Percentile
---	---	--	--	--

DOMAIN 2: Employment and Retention **Meets expectations**

Met Retention Expectation: 85% Employed for 2 years

DOMAIN 3: Candidate Assessment **Does not meet expectations**

Met Pedagogical Assessment (PLT) Expectation: 90% of completers pass 	Met Literacy Assessment Expectation: 90% of completers pass 	Met Specialty Area Assessment Expectation: 90% of completers pass
---	--	--

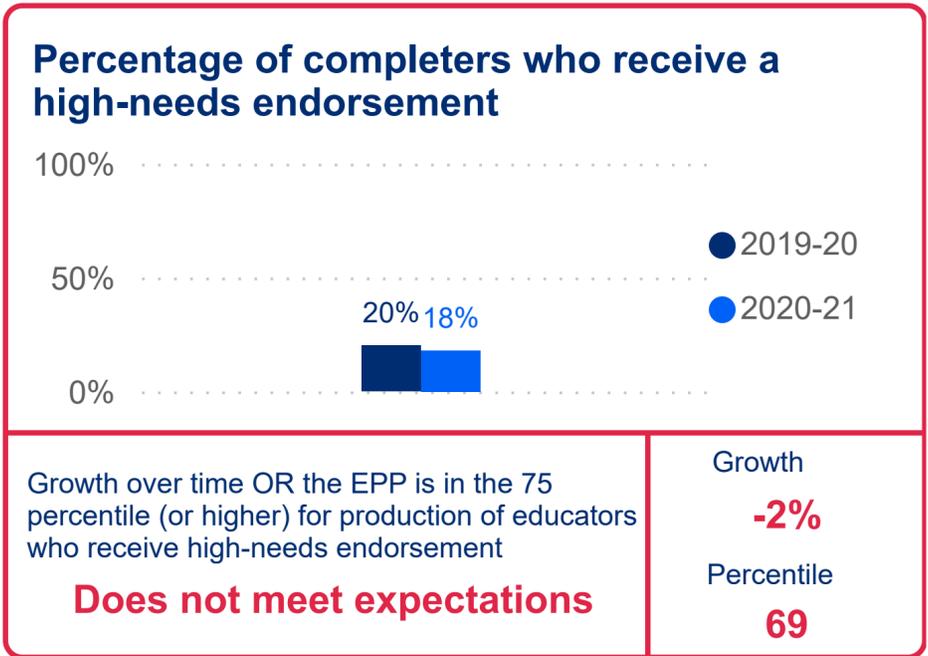

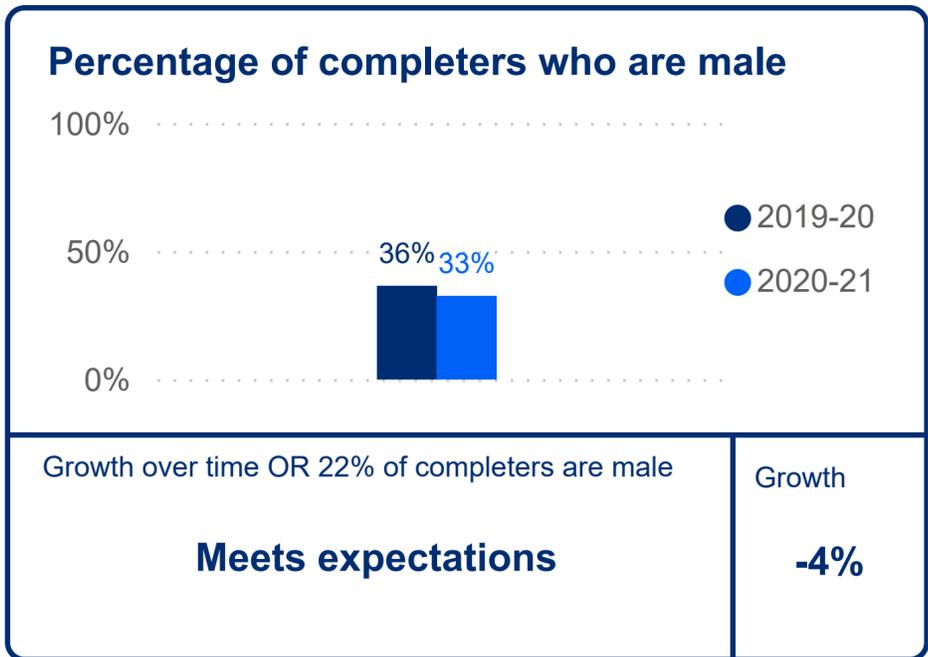

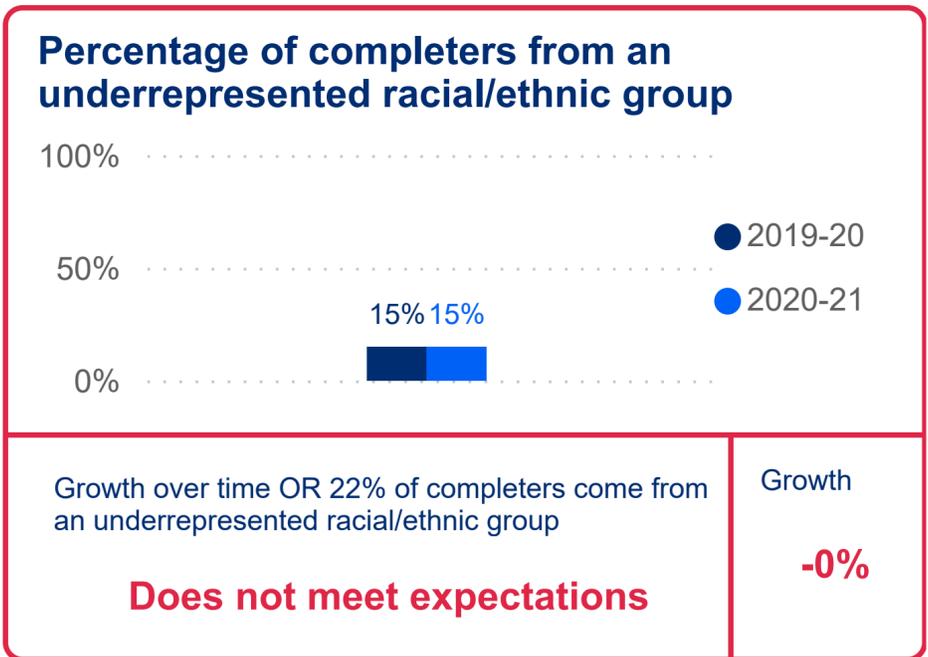

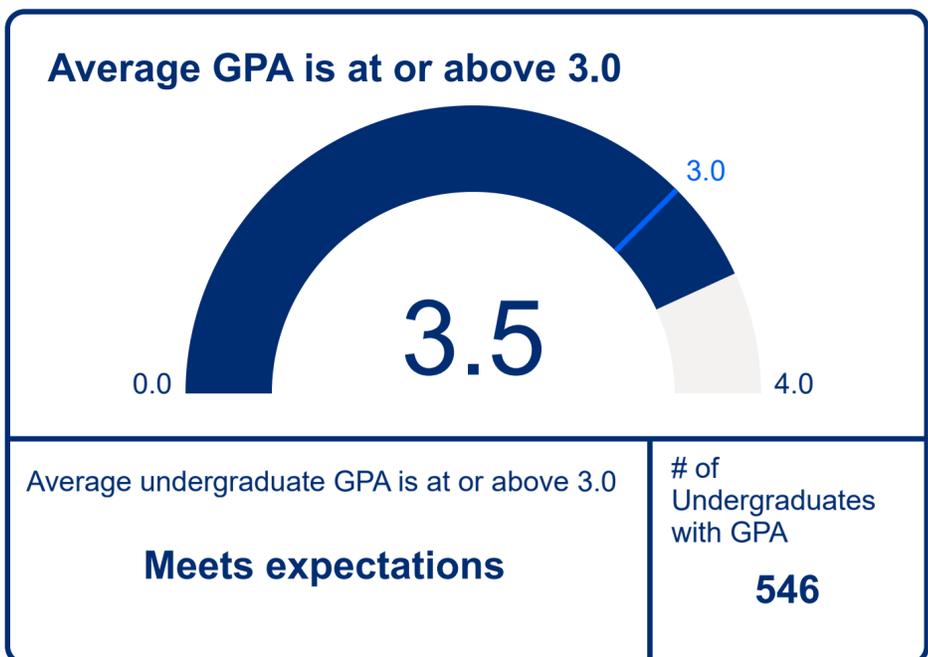

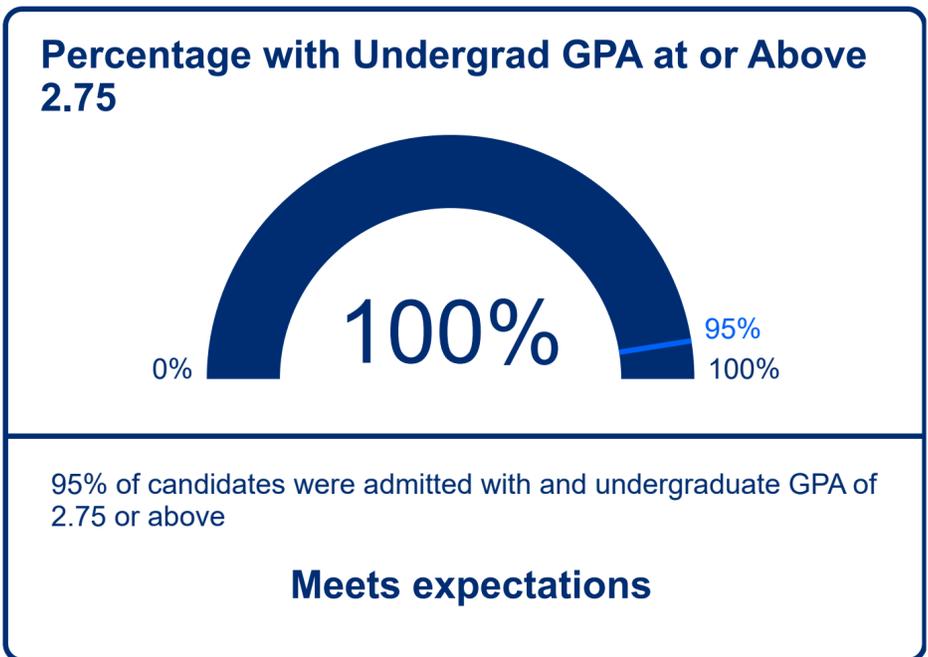

DOMAIN 4: Completer, Partner and Employer Satisfaction Not currently included on the Performance Report

DOMAIN 5: Completer Effectiveness and impact Not currently accountable to meet this expectation

Met LOE 3+ Expectation: 85% of completers with 3+ 	Met TVAAS 3+ Expectation: Meet or exceed state average 	Met Observation 3+ Expectation: 90% of completers with 3+
---	---	---

DOMAIN 1: Candidate Recruitment and Selection

Meets expectations

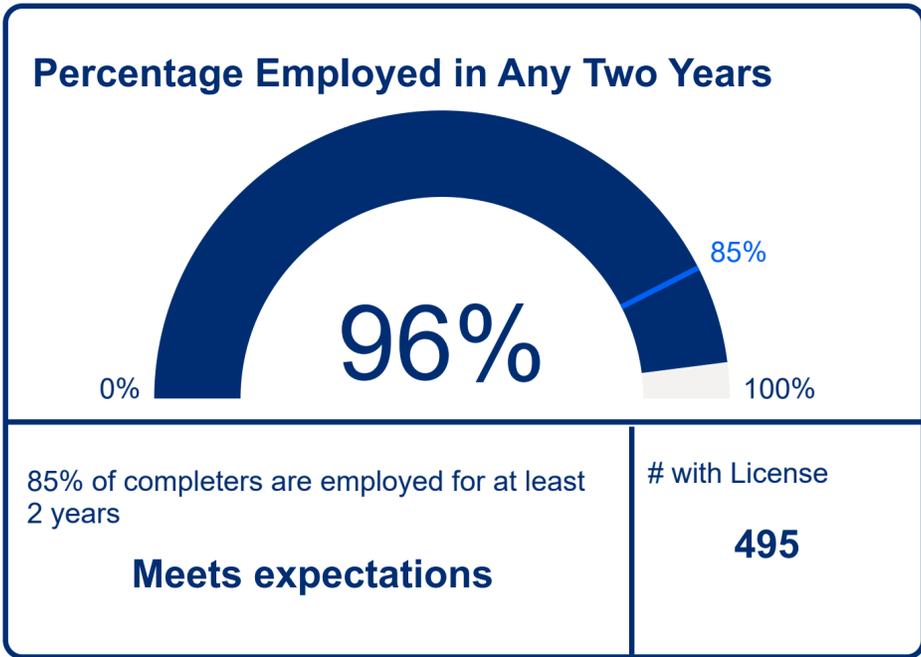

Did your Education Preparation Provider meet Domain 1 Expectations?

An EPP must meet four of the six metrics to meet expectations in Domain 1. If an EPP has fewer than six metrics reported the following scaled set of expectations has been established:

- If an EPP has four or five metrics reported, the EPP must meet expectations for three metrics.
- If an EPP has three or fewer metrics reported, the EPP will not be evaluated on this domain.

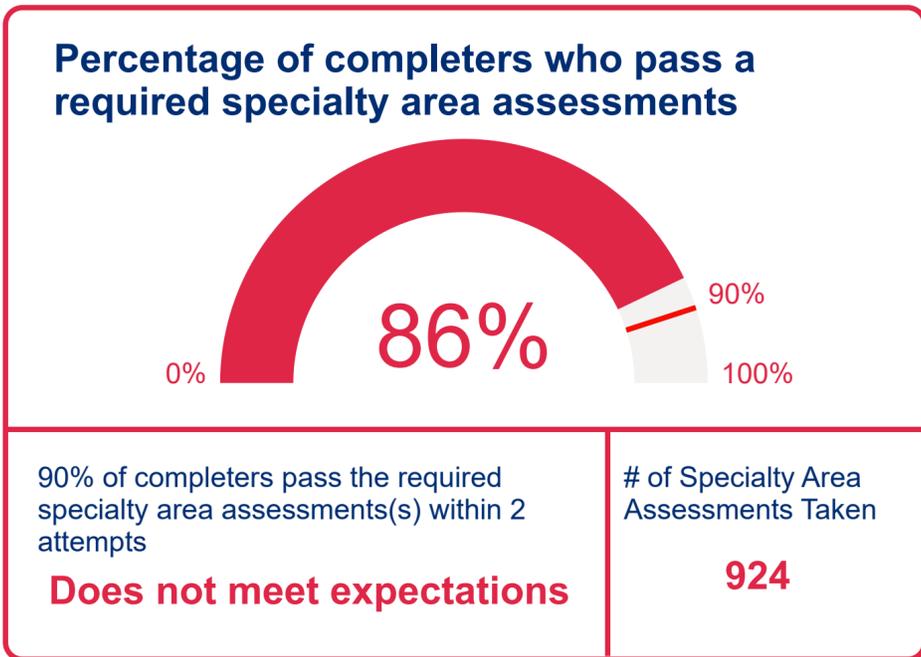

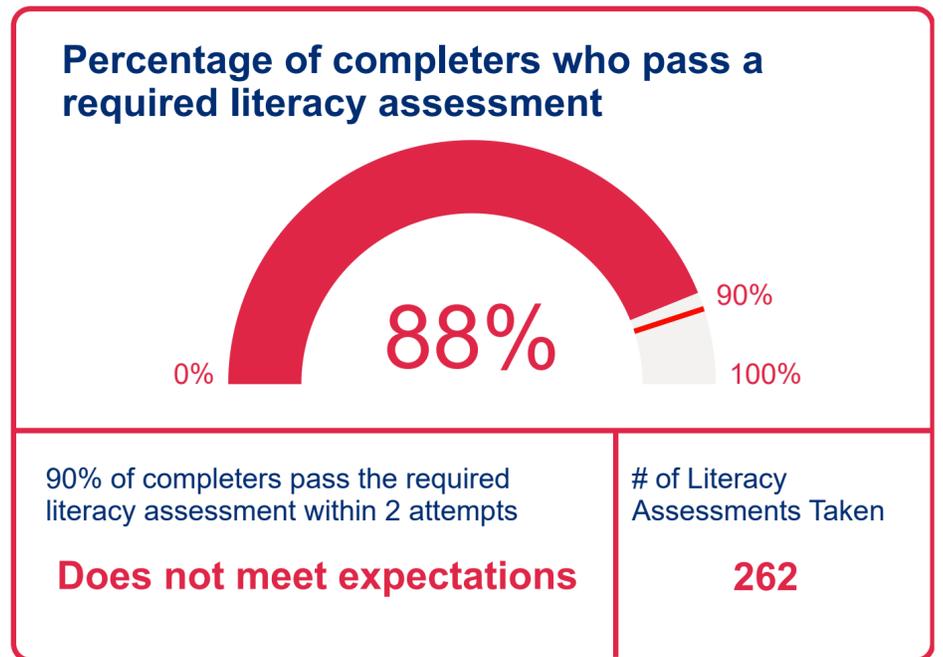

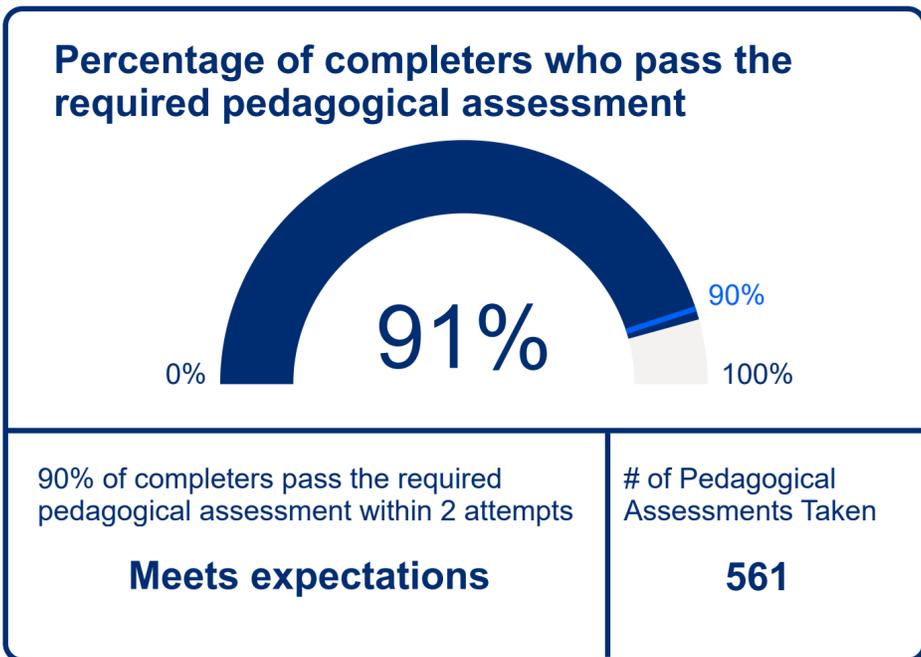

DOMAIN 2: Employment and Retention **Meets expectations**

Did your Education Preparation Provider meet Domain 2 Expectations?

An EPP must meet the expectation for this metric to meet expectations for Domain 2. If an EPP is not scored for this domain, it will not count towards the overall expectations.

DOMAIN 3: Candidate Assessment **Does not meet expectations**

Did your Education Preparation Provider meet Domain 3 Expectations?

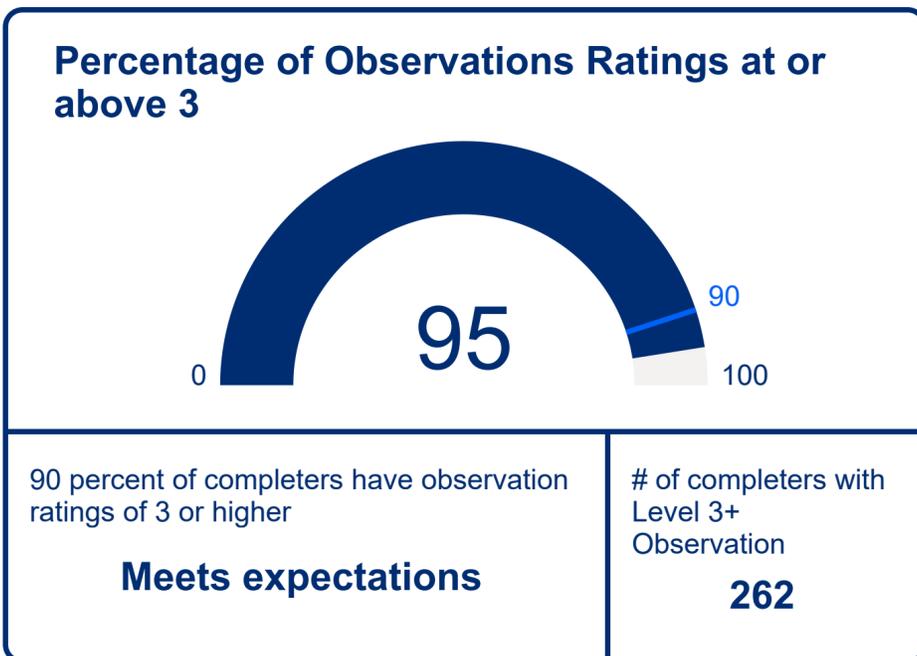

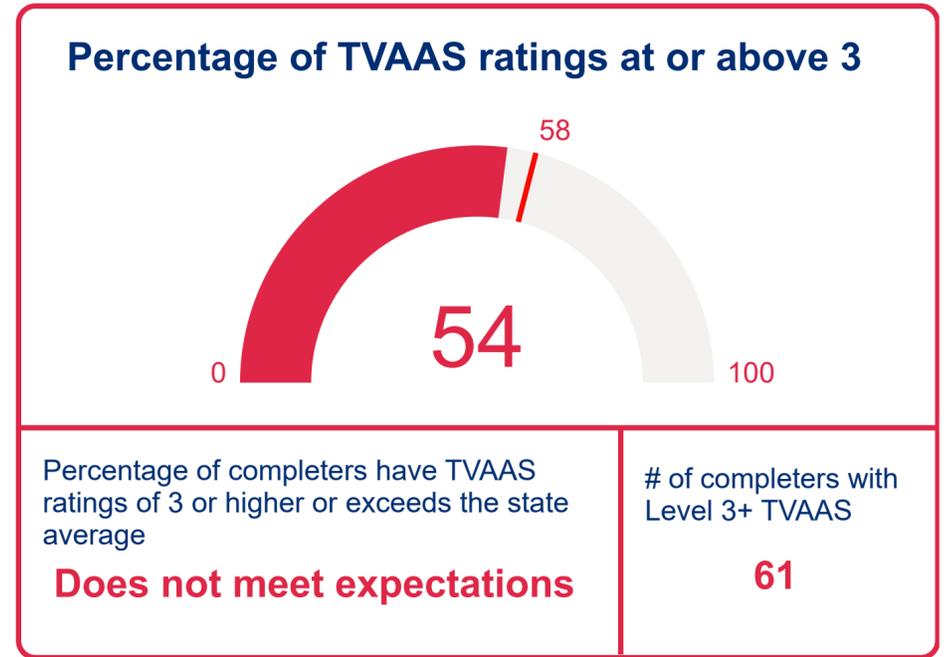

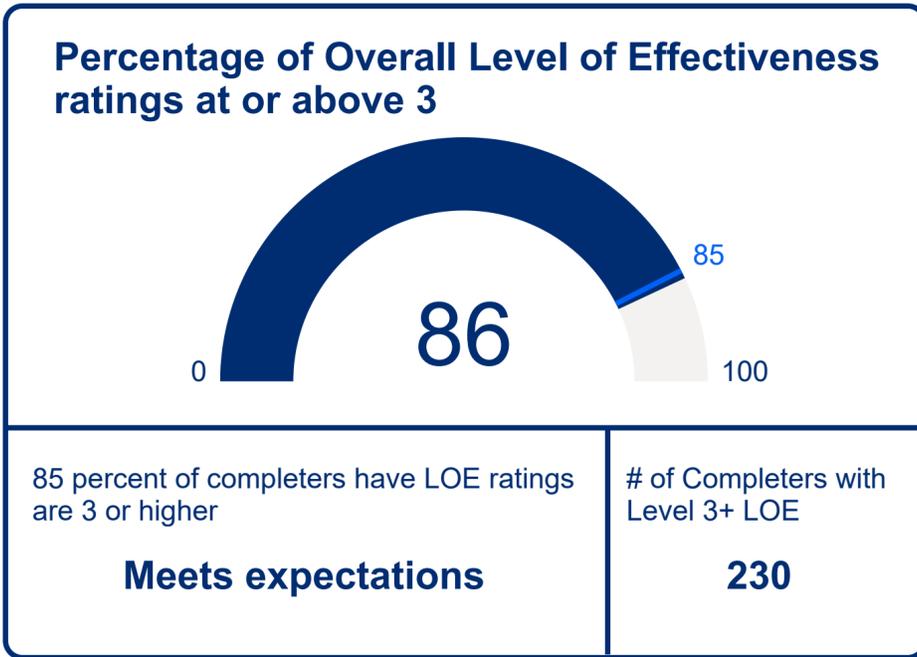

An EPP must meet two of the three metrics to meet expectations in Domain 3. If an EPP has fewer than three metrics reported the following scaled set of expectations has been established:

- If an EPP has two metrics reported, then expectations for both metrics must be met.
- If an EPP has fewer than two metrics reported, the EPP will not be evaluated on this domain.

DOMAIN 4: Completer, Partner and Employer Satisfaction Not currently included on the Performance Report

DOMAIN 5: Completer Effectiveness and impact

Not currently accountable to meet this expectation

Did your Education Preparation Provider meet Domain 5 Expectations?

An EPP must meet two of the three metrics or meet the TVAAS metric to meet expectations in Domain 5. If an EPP has fewer than three metrics reported the following scaled set of expectations has been established:

- If an EPP has two metrics reported, then expectations for both metrics must be met.
- If an EPP has fewer than two metrics reported, the EPP will not be evaluated on this domain.
- An EPP may meet expectations for this domain by meeting expectations on the TVAAS metric.
